

Wedding Exhibitions

Wedding exhibitions provide ideal opportunities.....

to make contacts personally aswell as to gather lots of ideas from local businesses for your wedding day plans. Come and meet a wide range of local specialists who can help your plans become a reality in the attractive surroundings of any of the first rate wedding venues in our exhibition diary. Some events will have a Bridal Fashion Show, local Registrars to meet, a variety of wedding venues - most will offer you a variety of choices - and at all the events in our diary, you will be able to pick up a FREE copy of The Wedding Guide and enter the Bride of the Year Honeymoon Prizedraw!

Exhibitions and your online quests

You have probably already found lots of ideas for your arrangements online. Don't forget that although the internet is a fantastic place to find almost anything, when it comes to planning something as important as your wedding day, online searching can never fully replace the personal element. So why not ask suppliers you are already thinking about which events they are attending and come and see them in person when they have 'laid out their stand'. At a good exhibition you should be able to meet several on the one occasion - and enjoy the day out, too!
