

Get Your Wedding Guide

It's easy to find a FREE copy of the region's favourite wedding planning directory:

- Wedding Dress Shops and Suppliers: We distribute The Wedding Guide in outlets where you go to find your dream dress

- Wedding Exhibitions: Ever popular events held across the region. Not only a great place to gather information and ideas, but often the best opportunities you will get to meet the suppliers and discuss their services personally.

- Register Offices: Register Offices remain the key point in our country's system through which the legal side of your marriage is contracted. Even if you are getting married in a venue licensed for civil ceremonies or in the Church of England, they all refer back to the Register Offices.
